PRICE TWO CENTS

Opportunities for Arts, Science Grads Is Gen-nite Topic

Final Program Set For 8 P.M. Tonight

Tonight at 8 p.m. the final "Gen Nite" program is being held in the Union Grill Room. "Opportunities for Arts and Science graduates in Commerce and Industry" is to be the subject under discussion and three prominent Montreal business men will deliver short speeches, followed by a general question period. The speakers are Mrs. E. G. Taylor of the Canadian Industries Limited, Mr. R. I. C. Picard of the Royal Bank of Canada, and Mr. E. W. Crowe of the Sun Life Assurance Company. Chairman for the evening is Mr. Hugh A. Crombie, a past President of the McGill Graduates Society.

This meeting will not only be of great interest to Commerce students, but also to those taking courses leading to the B.A. and B.Sc. degrees. Mr. Taylor of the C.I.L., has stated that his talk will come under three headings: practical information as to what can be done by Arts and Science students in the Industrial field; suggestion on how to apply for these jobs, and what conditions one may expect to find in this field.

Mr. R. I. C. Picard, Secretary of the Royal Bank and also Honorary Secretary of the Graduates Society, will have some very interesting information on the banking, trust company, loan and financial fields, a spokesman for the committee stated. Mr. Picard is a graduate of McGill and at one time held the post of News Editor of the McGill Daily and Manager of the Book Exchange. During the war he served as administrative officer with the R.C.A.F., retiring with the rank of squadron leader. He also has a Ph.D. in Economics from Ottawa University.

Mr. Crowe is Assistant Actuary of the Sun Life and has been in the insurance field since 1924. "Opportunities for Arts and Science Graduates in the Insurance Field" is the title of his address.

Engineer Inst. Holds Annual Student Night

Tonight the Engineering Institute of Canada is holding its Annual Student Night at 8.15 p.m. at 2050 Mansfield Street. These nights are designed to give the students an opportunity to present papers before members of the branch, who are enabled to offer encouragement and suggestions. Tonight two McGill speakers will be heard, John Knecht, who speaks on "Protection of Underground Pipe-lines," and Howard Chamberlain on the subject of "Montreal-Quebec Underground Toll-Cable."

Charities Drive for \$5000

College Canvassers Carry on Campaign For Campus Cash

Once only during the year are McGill students asked to contribute to a charity campaign on the campus. Next week this year's appeal will be made.

The success of the campaign depends not only upon the willingness of canvassers to make every effort to contact the people on their lists, but more upon the willingness of all students to give, and give generously.

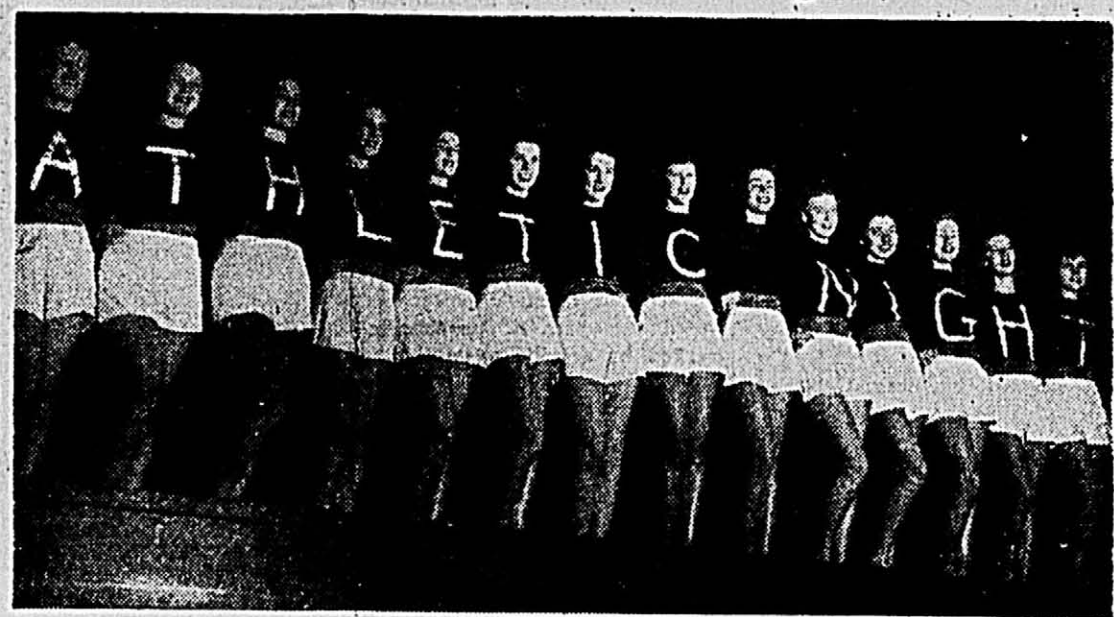

A contribution of \$2.00 means half a cent a day to help relieve suffering at home and abroad during 1947. This is the least you can give.

BOB MACKAY, Chairman, McGill Combined Charities Campaign Committee. NOTICE TO CANVASSERS. Canvassers should bear the following in mind:

1. Booths for receipts of returns will be open in the McGill Union Monday through Friday from 12 noon to 2 p.m. and from 3 p.m. to 5 p.m.
2. Make returns as early as possible.
3. Begin to make contacts over weekend.

NOTICE TO CHARITY CANVASSERS. A booth for receipt of returns will be open all next week in the (Continued on Page 4)

Comely Campus Chorines Coming!!

Variety, that hereditary spice of life, is also to enliven Athletics Night No. 3, it would seem, as proceedings get underway in the Currie Gym this Saturday at 7.30 p.m. The above collection of coeds, whose lecture-hall publicity stunts have made the campus Athletics Night conscious, will provide half-time entertainment on Saturday night's big program.

Capers Show Airs Edition 2 On Saturday

The Campus Capers show takes to the air this Saturday afternoon at 2.30 p.m. over station CJAQ as Buzz Farrell and his Burton cronies once more cavort before the microphone.

The broadcast itself will take place in Studio A, Station CHLP, which is situated in the Sun Life building. There are seating arrangements for 100 people and tickets will be distributed on the basis of first come first served. There will be a supply left with George in the Tuck shop. Doors open at 2.10 and close at 2.25 sharp.

The program this time deals with the trials and tribulations of our hero as he runs for the position of Secretary of the Student's Society. Gerry O'Brien plays the lead role of Buzz Farrell while Malcolm Smith as Rodney Blair and Randy Phillips as Ziggy share acting honors with him. Other members of the cast include: Molly Spevac, Bobby Falconer, George O'Brien, Massey Vender, Leonard Ashley and Joan Bayer.

Music for the show will once more be rendered by the Westernaires under Roy Dohn. The unit uses the name "Merry Martlets" for the broadcast, and their arrangements and playing were one of the high spots of last week's program. This is the second of four broadcasts to be offered in this series this year. The groundwork is being laid whereby the show may become a weekly broadcast next year.

Research Fellowship Open to Graduates

Graduates from courses equivalent to the Department of Business Administration, University of Western Ontario are eligible for the J. William Graduate Fellowship for Research in Food Distribution. The award is \$1,500 per annum, plus travelling expenses, and will last for two years. Successful candidates will take graduate work at the University of Western Ontario during the first year, and the second will be devoted to projects of research in the field of food distribution. Applications must be submitted by May 1st, and forms may be obtained from the Registrar of the University of Western Ontario, Doctor K. P. R. Neville.

Graduates of Gym-less McGill To Attend Athletics Night Sat.

This Saturday night the members of the Graduates' Society are going to see for themselves just how the students use the Gym. Some five hundred graduates and their wives will be present to see this final Athletics night program. The word has been spreading around that these nights are a "must" in any undergrad's date book. A half dozen grads saw the first one in December. They told their friends—the President of the Graduates' Society heard a rumor and so a couple of dozen turned up for the second. They were so impressed that the Society wanted the students to hold a special one at the end of March as the start for the Concluding Campaign for the War Memorial, but this was not feasible, so this Saturday five hundred grads are coming to see us "at home."

The undergraduates today do not recall McGill without a Gym, but those who will attend on Saturday night remember McGill when a sure-fire laugh in the Red and White Revue was the one about the graduates going to build a Gym—some day, somewhere. They used to practice for the boxing, wrestling and fencing and rowing in the field-house; gym and basketball in the Montreal High School Gym, while swimming and water-polo took place in the K. of C. pool and the M.A.A.A.

The first unit—the Gym—is now accepted as part and parcel of our undergraduate activities and the graduates want to see how we use and enjoy it. Those who have seen previous athletic nights are the keenest supporters of the War Memorial Campaign to give us the Memorial Hall, Swimming Pool and Rink-Auditorium.

N.B. Ticket Reservations for groups may be obtained from John Wright; phone PL. 7412 day, WE. 1589 night.

Med. Society To Hold Ball Friday Night

Meds and Internes, Dents and Grad Nurses as well as those from the schools of Physiotherapy and Phys Ed gather at the Sir Arthur Currie Memorial Gymnasium tomorrow night at 10.00 p.m. as the annual Medical Ball gets underway. Sponsored by the McGill Medical Society, the Ball will feature Johnny Holmes' famous Canadian orchestra with Oscar Peterson on the keyboard.

In stressing that the Ball was open to Dents, Internes and schools of Physiotherapy, Phys Ed and Grad Nurses, the committee announced that others in attendance would include representatives from Western University, U. of T., Ottawa U., Queens, Laval and U. of M.

A report from the Decoration Committee indicated that help was needed with the decorating of the Gym, and it was hoped that Med students would turn up in droves for this purpose at the Gym at 8.00 p.m. tonight.

Eight couples will be allotted to each table and reservations can be made by phoning Joe Gerace today between 5 and 6 p.m. Meds can obtain (Continued on Page 4)

Examination Is Essential To Pre-meds

It was announced today, by Dr. McIntosh of the Faculty of Medicine that in future all students applying for admission to this faculty at McGill must have taken the Graduate Record Examination, or present a good excuse for not having taken it. This ruling, Dr. McIntosh said, applied to all those who wish to enter medicine next year, whether they have already made application or not.

These examinations are under the supervision of Prof. Laviolette of the Dept. of Sociology and the final date for applying for the test is Saturday, March 1st. The price is \$4.00 for the regular examination which will take place in two parts, the first the afternoon of Saturday, March 22nd, and the second, the afternoon of Saturday, March 29th. Application forms may be obtained at the Registrar's office, and Prof. Laviolette will answer any question with regard to the examinations and he has pointed out that if it is not taken at these times, special individual examinations can be taken at a cost of \$15.00.

The Graduate Record Examination is sponsored by the Rockefeller Foundation, and consists of a series of eight tests, covering the basic University courses, and plots the candidates' scores in these against the averages obtained by different groups of American University Students who fall roughly into the same bracket as does he. One of these tests consists of an advanced course which the student can choose himself from a large number of such courses.

LAST
Last Tuesday evening, a silver and grey Parker 51 fountain pen. Finder please call Alice, PL. 0044.

NOTICE
Deadline Day for contributions to the Forge is February 28, Friday of this week. Any contribution may be turned into George at the TUCK SHOP or with Walter in the Arts Building.

Distinguished Violist Appears Tomorrow In 3rd RVC Concert

Child Growth Discussed by Psychologist

"To understand the behaviour of children it is necessary to understand the world of the child," said Dr. MacLeod of McGill, speaking in the series "Education and Mental Health" in the Montreal High School Auditorium last night.

Talking on the subject "Mental Development—Emotions—Instincts—Motivation," Dr. MacLeod clearly illustrated the peculiar setting in which the child lives. To a child, a picture any way up is interesting, for at the age of two or three there is no clear conception of up and down, left and right, etc. At an early age the child doesn't understand such things as causality, reality, self, space, and time. The problem of adjustment and mal-adjustment, according to Dr. MacLeod, must always be understood in relation to some forms of present-day living. This situation of adjustment is usually regarded in the light of goals and needs, and of late, in Dr. MacLeod's opinion, there has been too much attention paid to the needs, or in practical terms, the child as contrasted with the subject.

After a short question period, chairman J. C. Nelles closed the meeting with the announcement that the next speaker in the series would be Dr. Malmo, speaking on "Mental Development—The Intelligence Factor."

Vote March 5 In Commerce

The Commerce Undergraduate Society will hold its elections on Wednesday, March 5, from 9.00 a.m. to 4.00 p.m. At this time, Commerce students will select the Executive which will represent them during the coming year.

Voting will take place in the Men's Common Room of the Arts Building, during the specified time. Arrangements for voting at Dawson College will be announced later.

The following candidates have been nominated for the various positions on the Executive:

President: William Jones, John C. Shannon.
Vice-President: Edward Blake, Eric Barry.
Treasurer: Gerald Finkelstein, Gordon Pfeiffer.
Secretary: Andre Bedard, Albert Bourbonniere.

LPP Organizer Talks In Ballroom at 1 p.m.

Mr. Harry Binder, Montreal Organizer of the Labor Progressive Party, will give the introductory talk of the educational to be held today at 1 p.m. in the Union Ballroom. The topic of the educational, is "Historical Materialism, the Science of Social Change."

Following is some of the background of Mr. Binder: During the 1930's many workers were thrown out of work. Mr. Binder set out to organize these unemployed so that they could fight more effectively for their rights. As a result of this work Mr. Binder was thrown into prison for two years. During the war Mr. Binder joined the army. He saw action in France and was wounded twice. He was then nominated to run for a riding in Ottawa during the last election. Because of his organizing ability Mr. Binder was sent to Montreal to become its organizer.

Wm. Primrose MSCS Artist

This Friday evening, McGill University will be honoured by the appearance here of William Primrose, the world's finest viola player. It will be Mr. Primrose's first public concert in Montreal, although he has appeared previously in this city at smaller recitals. Mr. Primrose, whose concert will be the third in the McGill Student Concert Series at R.V.C., has been preceded by Carol Brice, brilliant young contralto, and by Mario Berini of the Metropolitan Opera Co. Both concerts were hailed as outstanding successes by both critics and students.

However, neither Miss Brice nor Mr. Berini have achieved quite the degree of world-wide fame to which William Primrose can justly lay claim. The latter is acknowledged as the greatest living violist, and as the man who pioneered the instrument's return to favour as a solo instrument along with the violin and cello. "It has taken Primrose's musicianship and style," they say, "to show this country that the viola can be a solo instrument of glowing, vibrant warmth."

"It is gratifying to observe the unmistakable awakening of interest in viola playing," says Mr. Primrose, "and the best sign that the viola is being recognized as something more than the fourth instrument in quartets and an unassuming orchestra member, is the number of students who are studying it nowadays. These young people are deliberately setting out to be virtuoso concert violists, not violinists who also want to be able to play the viola."

"They have come to realize," he continues, "that the viola isn't an instrument that can be picked up and played by any violinist as a secondary instrument. It poses its own particular problems, demands an entirely different treatment technically and tonally, and has its own distinct personality."

Tickets to the concert may be obtained in Walter's Office in the Arts Building, from George in the Union, or from any member of the Concert Series on the campus. In addition, booths at which the tickets (\$1.25 for students, \$1.75 for others) may be bought will be set up on campus on Thursday, and tickets will also be obtainable at the door on Friday night.

Ex-Principal Lewis Douglas Is U.S. Envoy

Lewis W. Douglas, former Principal and Vice-Chancellor of McGill University, has been appointed United States Ambassador to Great Britain.

Mr. Douglas who is now president of the Mutual Life Insurance Company formerly served in the House of Representatives as a representative from Arizona. He served briefly as a director of the budget when the late President Roosevelt took office in 1933.

"No man is better qualified to undertake such a great mission," was the comment made by friends of the former principal on hearing of his appointment. They pointed out that his unique combination of friendship and quiet unassuming efficiency will make for success in his ambassadorial career.

Dr. Douglas served as Principal and Vice-Chancellor of McGill from January 1938 to December 1939, when he resigned to become president of the Mutual Life Insurance Company.

A lengthy career in business, government administration and education will serve the Ambassador-elect well. A university graduate and teacher, he quit teaching at Amherst to go back to his native Arizona there to follow his father and grandfather in the mining business.

Plays' Club members take time out from rehearsal of "Dear Ruth", the group's major production for this year, to smile for the photographer and announce that the play will run from March 12th to 15th in the Union Ballroom. Standing, left to right: J. D. Pinguey, director; Malcolm Smith, Naomi Harris, Edith Cannon, Johnny Aird. Seated, John Monk and Bobbie Robertson.

Tickets Sell for "Dear Ruth", Players Club's Major Production

Tickets go on sale today for "Dear Ruth," the Players Club's major production for this year. The play will run from March 12th to 15th and will see the inauguration of a new stage in the Union Ballroom, where the play is being produced. The production is a light comedy by Norma Krasna and was produced in New York City, during the war, by Moss Hart.

"Dear Ruth," which is being directed by Jack Pinguey, is an amusing story of the escapades of Miriam Wilkins, a sixteen-year-old high school senior who manages to involve her whole family in her all-out campaign to keep up the morale of the servicemen overseas. The plot is mainly concerned with

the problem of Ruth Wilkins, Miriam's older sister, when she tries to make the best of one of Miriam's enthusiastic efforts without getting herself too involved. In the space of twenty-four hours Judge Wilkins and his wife find their home turned into a refuge for loveless airmen and are themselves faced with a bewildering array of crises.

The cast consists of: Ruth Wilkins — Bobby Robertson; Miriam Wilkins — Edith Cannon; Mrs. Wilkins — Naomi Harris; Mr. Wilkins — Bob Stairs; P. O. Bill Seawright — John Monk; Albert Kummer — Malcolm Smith; Martha Seawright — Meribeth Stobie; Sgt. Chuck Vincent — John Aird; Harold Klobbermeyer — Miles Beach.

Canadians All

Of all the dangers to a nation as things exist in our day, there can be no greater one than having certain portions of the people set from the rest. . . .

—WALT WHITMAN.

Canada has long been studied as a particular sociological problem because of her unique position of having two large ethnic groups living close together. While in the main the outcome has been very successful, there are indications and have been for some time that an unhealthy attitude is being taken by some members of both factions.

The outcry raised by L'Action Catholique when the post of Deputy Minister of Mines and Resources was given to a non-French-Canadian, although the appointee was eminently qualified for the position, is a case in point of an outlook on Canadian life which can become more serious as well as more detrimental for Canada. That such a powerful influence as L'Action Catholique should express such division-breeding views is a matter which is deserving of a good deal of attention by both French and English Canadians alike, by anyone who is sincerely interested in seeing our country grow and prosper into a great nation.

One such interested individual is Senator T. D. Bouchard who has for some time worked toward the end of educating his fellow French-Canadians that there is no real bogey of foreign Englishmen plotting to drive them out of their own country. In a recent speech before the members of the Canadian Unity Alliance, Senator Bouchard laid the blame for such attitudes on a faulty system of education claiming that at present there can be no true education with division breeding greater prejudice and distrust. However, Senator Bouchard can perform true service for unity by influencing only his compatriots of the evils of the present system — a possibility which at the present time appears forlorn. In his newspaper Le Clairon, the Senator does overcome some of the nationalist feeling which is spread through the province to the detriment of Canadian unity but the fight must be taken up by others of the same opinion who can add their voices to the many already committed to the problem. In this question, the French-Canadians alone are not at fault. There is, at the other extreme, those who deny anything and everything French; it is they who further the feeling among the Habitants that they must remain together at all costs, that by a unity between French and English the minority will be swallowed and its cultural, racial, religious and language heritage lost. It is this outlook which cheers when Premier Duplessis claims that he has saved the province from the enemy who is anxious to centralize power and destroy Quebec's autonomy. It is this outlook which we must overcome — by education and by a proper handling of a difficult but soluble problem. —A.K.

Modern Dancing

The Modern Dance Club at McGill are having their concert on Friday, March 7th, at 8:30 p.m. in the upper hall at RVC. The club, organized in 1938, holds regular weekly meetings. It is divided into two groups; a Senior Club for experienced members, and a junior club for beginners. The first meets two hours a week, the second one hour.

Miss Thelma Wagner, BSc and MA (NYU), who studied and trained in modern dancing at New York University and the New York Wigman School and Bennington School of the Dance, has been organizer of and adviser to the club at McGill, now in its seventh year. Miss Wagner is Assistant Director of the McGill School of Physical Education.

The type of dancing done by the Modern Dance Club may be described as a creative type of dancing in that the members do not learn set dances which have already been composed but they themselves compose the dances. Their activity can be likened most to that of the painter. Like him, when a dancer in this group first begins she must learn techniques and ways of handling the medium in which she is working. The painter learns the use of colour, line, design, light, and shadow, and so on. When he has gained sufficient skill he goes on to paint his own original pictures. If he developed only the ability to copy other persons' paintings he would not be considered truly an artist — only a craftsman. So in this type of dancing we feel that the real artistic experience is gotten by composing dances — not just learning to dance.

The modern dance is not limited in its movement by a set technique as in the ballet. Its movement stems from natural movement which has been stylized and brought into a pattern or design to meet the meanings that the dance wishes to present. Any movement which is mechanically good and efficient is acceptable. Modern dance follows some of the other modern arts, in that it is functional. It portrays human beings, not fanciful creatures (like birds, flowers, elves) and it deals with contemporary themes. Furthermore, the modern dancer does not feel she must confine her meaning to the lighter side of life. Because it was so startling, it is often claimed that modern dance is only concerned with the stark and searing side of life. This is probably because people remember the novel more than the usual. The modern dancer is concerned with all phases of living.

The concert should be of interest to many people for there will be dances composed to Shostakovich, Gershwin, Bach, as well as polkas, and dances to spirituals, French folk songs, and ballads. Several of the dances which were favourites in last year's concert will also be repeated.

Meet—

JACK PINGUEY

Tuesday evening your reporter had the privilege of an interview with Mr. Jack Pinguey, the director of the Player's Club's major production of the year "Dear Ruth". The interview showed that Mr. Pinguey is a man of varied interests and tastes. He is a tall, debonaire Englishman of the Ronald Coleman type with a dynamic personality. Under this classic exterior are to be found many skills and knowledge, all the outcome of a well filled and varied life.

Mr. Pinguey's record in the last two wars is remarkable. During the last war he served with the 4th Royal Irish Dragoons Guards, and with the 1st Cheshire Regiment. In this war, he was a major in the Canadian army and was awarded the Military Cross for valour at Dunkirk. He also served as a special constable of the R.C.M.P.

Before the last war, Mr. Pinguey attended Oxford University where he obtained his Bachelor of Science degree in Engineering. After the war he continued his studies at Liverpool University where he was a member of the Dramatic Society and played Rugby. During one of his vacations he toured with the Benson Repertory Co., a Shakespearean company. While working in the United States, he attended Georgia Tech. to do extension courses in Engineering, and played on the famous 100 to nothing football team.

On this continent, he has done a great deal of dramatic work. He staged a summer season with the Waukegan Players as director of their club. He also directed "Everyman" and several other plays at the Minton Central Theatre of Chicago. He toured Canada with Barry James and Maurice Colbourne in "Too Many Husbands", "The Queen's Husband" and "Too True to Be Good". Later he toured with Cameron Matthews and Barry Jones in "The Dover Road" and "Three Live Ghosts". Mr. Pinguey is at present the Vice-President of the Cathedral Players' and is an Engineer at Vickers.

With this wealth of acting and directing experience, Mr. Pinguey is well qualified, and the Players' Club is very fortunate in having him, to direct their major production.

Lotte Lehmann

GREAT LADY
OF SONG

Lotte Lehmann, who will appear in recital at His Majesty's this Friday, is renowned as one of the few great contemporary masters of lieder singing. This type of art song, brought to its prime by such masters as Brahms, Schubert, and Schuman, of unfailing interest to an audience, imposes the most exacting demands upon the concert artist. Their scope varies from such tiny lyric gems as Die Forelle and Die Lorelei, resembling folk songs in their clear simplicity, to selections like Der Erlkönig and Die Belden Grenadiere, almost miniature operas in their dramatic power and varied characters. It was once remarked by a critic attempting to survey Miss Lehmann's versatile art that "the greatest part of her art is the most simple, the most accessible, and the first to capture the mind."

In reviewing her 15th annual appearance in Town Hall, New York, last year, Time magazine reported a packed house, a cheering audience, and a voice still at once powerful and lyric. Time also remarked that Miss Lehmann, "was still nervously clutching a handkerchief as she sang."

This nervousness which she admits to at the beginning of each concert season, is a last remnant of the terrible lack of confidence which nearly cut short Lotte Lehmann's career at its beginning. Born in Perleberg, near Hamburg, the daughter of a small-town government official, she received a standard high school education in preparation for a respectable career as a stenographer or schoolteacher. Finally, after much indecision, she entered the Royal Academy of Music.

Her first appearances in minor roles at the Hamburg Opera House, were, according to the critics of the day, marred by nervousness and its resultant throat constriction. Gradually she was given more parts and became a member of the Vienna State Opera Company. It was here that she developed her portrayals of Sieglinde in Die Walkure, Lenore in Fidelio, and Marchandin in Der Rosenkavalier, operatic parts which later made her famous.

She came to America in 1930 as a member of the Chicago Opera Company and met with instant

(Continued on Page 4)

LETTER FORUM

Mr. Editor,
McGill Daily.

Yesterday, a letter concerning a proposed winter carnival at McGill next year and a statement made by Ed. Ballon in his election platform appeared in your column. I wish to clear up any misunderstanding that may have arisen due to this letter written by John Dohan.

Ed. Ballon has been approached by the M.O.C. executive and has explained his previous statement. If elected to the presidency of the S.E.C. he will do everything within his power to support the M.O.C. and all other clubs and organizations that would be concerned with such an undertaking. The word "initiate" was used in his platform. He realizes that the idea of holding a carnival at McGill was originated by the M.O.C., and that this organization would play a major role in any such undertaking.

A winter carnival must have the complete support of both the S.E.C. and S.A.C. to guarantee its success.

Sincerely,
W. WARD.

Dear Sir;

For the past month and a half or so, terrific belches of black asphyxiating smoke have been pouring forth from the so-called ventilators of Room 250 in the Biology Building. A little private research shows that this smoke stems from the room in which the aspiring young physiologists "smoke" their drunks. We believe that something should be done to remedy this situation as soon as possible by those who are in the position to do so.

We hope that this letter will "air" the problem.

J. H. Harvey,
S. Feldman,
Better Breathing Biology Boys.

Editor,
McGill Daily.

Sir:
I am very weary by this Newman Club business, as I am sure most of your readers must also be. Yet I cannot allow to pass the recent monstrously mislabelled "clarifying" statement recently appearing over the signature of the Club's Corresponding Secretary, since I am (i) a student at McGill, (ii) one who was a delegate to the N.F.C.U.S. conference, (iii) a member of the S.E.C. In my opinion, the behaviour of the Club's Executive, especially of its President, has

The Daily Meets

R. I. C. Picard

by Molly Speavak
and Sylvia Bordan

I stepped off the elevator on the second floor of the Royal Bank Building on St. James Street into a spacious lounge. The gentleman behind the desk invited me to sit down while I waited for the trim-uniformed message girl to escort

R. I. C. PICARD

me to my destination. After being led through a maze of corridors I finally reached the reception desk of Mr. R. I. C. Picard's secretary. My ten o'clock appointment was confirmed; and then I met Mr. Picard.

Mr. Picard, Secretary of the Royal Bank of Canada, is one of the three speakers scheduled to address the Arts, Science, and Commerce students at the final "Gen Nite" this evening at 8 p.m. in the Union grill room.

We spent our fifteen minutes together discussing conditions at McGill when he was a student here. In reference to "Gen Nites" he said that students in his time did not have the opportunity that students of today have of hearing experts in different fields tell them what their chances will be to obtain employment after graduation. During his time there was a rather inadequate placement bureau which was supported partly by a Government grant. However because of the depression this support was withdrawn and the service was discontinued.

Mr. Picard feels that "Gen Nite" is certainly a step in the right direction. He commented on the enthusiasm which has grown within the past two years in the Graduate Society and is directed especially towards undergraduate problems. One form of this new surge of activity is the Placement Bureau which will be inaugurated this spring. As Honorary Secretary of the Graduate Society, Mr. Picard has taken an active interest in the formation of this service, and has great confidence in its success.

During his undergraduate days at McGill, Mr. Picard held the posts of News Editor of the Daily and Manager of the Book Exchange.

Mr. Picard is happy to have the opportunity to meet and speak to present-day undergraduates and he sincerely hopes that his information will aid them in selecting a career and in appreciating the conditions and problems which exist in the business world of today.

Pianist, Violinist In Recital Tonight

Erno Balogh

Erno Balogh, the celebrated pianist and composer will be heard in recital, tonight, at His Majesty's Theatre, under the sponsorship of the Societe Classique. On the program will be:

Sonata in C Minor, Opus 12, by Beethoven.
Scherzo in E flat Minor, Opus 4, Brahms.
Impromptu in F sharp Major.

Etude in C sharp Minor.

Valse in A flat Major.

Scherzo in C sharp Minor, by Chopin.

Also works by Bartok, Debussy, and Spanish composers.

Jacques Thibaud

Jacques Thibaud, celebrated French violinist, and hero of the Resistance, will play tonight, at Plateau Hall. On the program will be:

Cesar Frank's Sonata.
Mozart Concerto in G Major.
Violin Sonata of Debussy.
Saint-Saens' Rondo Capriccioso.
Ravel's Habanera.
Granados Spanish Dance.

Georgians Edge Out St. Johns, 39-35, in Basketball Tilt

Ken Taylor Misses MBL Scoring Title By Single Marker

Ken Taylor walked off the floor smiling. He had just lost the M.B.L. scoring championship by one point.

The fact that history repeats itself was in evidence last night, as a fighting Georgian team downed Dawson College 39-35 for its second straight victory over the St. John's cagers this year.

In the opening moments of what promised to be a fast game, Vern Taylor netted two baskets from the ten second line. However, it didn't take Steve Armstrong's boys long to even the count and pull ahead. Careless passing slowed up the Dawson crew as Georgians intercepted often. At the half, Dawson 18, Georgian's 22.

The second half saw Ken Taylor even the count from in close. The game roughed up considerably, as Dawson's enthusiasm and close

checking resulted in several costly fouls.

TAYLOR-GOLDBLOOM

Charlie Goldbloom and Ken Taylor garnered 10 points each, with Vernon Taylor and Johnny Geary scoring five. Spearheading the Georgian attack was Glen Woods with fifteen points, Clint Robertson with fourteen and Abe Waxman with five. "Red" Somers was outstanding in Dawson defensive play.

A story within a story was the battle for the M.B.L. leadership. Kenny Taylor needed twelve points and his team was out to see that he got them. The last minute of play saw Darcy Quinn shadow Ken perfectly, never allowing the Dawson player to poise himself for that shot, and maybe the basket that would clinch the crown. He was one point away from victory.

The Dawson Bus was unable to make the trip due to stormy weather conditions. The quintet arrived a half hour late after journeying via C.P.R. baggage car.

The original Dawson Team bows out. With it go Coach Charlie Goldbloom, the Haylor Brothers, and Johnny Geary — four men who helped place Dawson College in the third place slot of the M.B.L. a creditable performance.

PLAYER'S CLUB

There will be a rehearsal of the cast of "Dear Ruth" this evening at 7 p.m. in the Club room. All members are asked to attend.

Cage Seconds Down Mac 38-34 in Playoff Match; Swimming Contingent Garners Gazette Trophy; Athletics Night Features Hoop Contest Saturday

By TONY DUNCAN

McGill's Intermediate cage squad trounced Macdonald College last night at the Currie gym by a 38-24 count. The game was the first of a home and home total point semi-final series in the M.B.L. Intermediate College loop.

Sparked by Tommy Elo who was high scorer of the game with 18 points and Harry Dikofsky second high with 10, the Redmen played a fast-breaking brand of ball and were never headed. The best man on the floor for the Aggies was "Scriv" Scrivens who sunk four field goals and a free throw for 9 markers.

Play got underway slowly in the first period as both teams had trouble finding the basket. At the three minute mark Tommy Elo got up steam and potted six points within a minute. Scrivens came back for Macdonald and tossed in four field goals as Dikofsky was nothing to make the score 10-8 at the ten minute mark. Beaugrand bagged two lay-ups and Dikofsky scored a pair of one-hand push shots to put the Red and White squad into a long lead. The half ended with McGill on the top end of a 22-12 score.

ZONE

Macdonald's shifting zone defence again kept the Redmen from increasing their lead in the opening minutes of the second half. It was Elo who broke the ice as he got two quick field goals from the pivot position. The Aggies put on a spurt near the three-quarter mark as successive baskets by Hamilton and Scrivens made the score 32-24 for the Redmen and ended the Macdonald point-getting production. Beaugrand ran his total to eight for the night with two baskets and Elo racked up another to put McGill in front 38-24 at the final whistle and send them into the final game with a 14 point lead.

The McGill Swimming team came through with flying colours last night to cop the Gazette Trophy, emblematic of Montreal city and the district swimming supremacy. When the scorer's pencil had made its last mark for the evening, the Redmen were on top with 10 points, nosing out the Y.M.C.A. by four points. Concordia and Y.M.H.A. were deadlocked with nine points each.

The Vic Curran coached natators representing this noble institution really cleaned up in the free style events. In the 200-yard race, Elliot Young, who has been going great guns of late, bested Y.M.C.A.'s pride and joy, Charlie West, to gain an important three points for the winners. In the century free, Jim Quayle romped home first to cop another trio of markers, while Dick Fullerton gained second place in the 50-yard free, being nosed out by Archambault of Concordia.

The Red mermen had to be satisfied with second places in both the 100 yard breast and back stroke races. In the breast stroke, Burke of Concordia touched the finish line ahead of Bill Errington of McGill while in the backstroke Mingie of the Y.M.C.A. bested Tom Hope.

RELAY VICTORY

The Red and White 400 yard relay team won handsily, being only 2 seconds off the record. The Mail-carriers in this event were: Cooper, Fullerton, Quayle and Elder. As was expected by all present at the meet, George Athans, British Columbia's gift to McGill, and Dominion Diving Champ, won this event hands down.

The Gazette trophy win marks the last scheduled appearance of the swimming squad, who have had a successful season, meeting some crack American aggregations.

The McGill Senior Cagers will be out to avenge their early season defeat at the hands of Queen's when they meet the Gaels in the Athletics Night Feature Saturday evening.

The Davies' Doodlers have lost two of their three starts so far in the intercollegiate loop and championship hopes seem far away. However the troupe will be going all out to pile up a score on the visitors and prepare themselves for the long grind next week-end when the Redmen face both Varsity and Western.

HOYLE

The only change in the lineup will occur if Ken Hoyle's injured foot is not healed in time. Ken missed the Dodd's cup game on Monday and was replaced by Sammy Roth who moved back from his forward position. Meyer Bloom took over for Roth on the front line and turned in a commendable performance. The other regulars George Davidson, Bud Fraser and Bob Duford are all ready and are backed up by veteran Manny Shacter, Frank Kaszas, Mickey Davine and Bob Moffat.

In the small gym the McGill Gymnasts will tackle a squad from Syracuse in the companion feature. This event has always proven popular with Athletic Night goes and this week's program should be up to par.

Intercollegiate boxing champs Orr, Heney and Creaghan will have a chance to show their stuff when they angle with representatives of various clubs around the city. At the same time the squash courts will be the scene of a match between Williams College and McGill.

Ticket reservations for groups may be obtained from John Wright by calling PL. 7412 during the day and WE. 1589 during the evening.

TOMMY HALE, above, will get out his tommy gun Saturday and shoot for the scoring championship of the intercollegiate puck loop. At present he is tied with Gignac of the U. of M.

Redmen Meet Les Carabins In Puck Final

The curtain will ring down on the 1947 intercollegiate hockey scene on Saturday night when the McGill Redmen will meet the U. of M. Carabins at the Verdun Auditorium. Although championship seems virtually lost to Varsity, the Redmen must win in case Queen's pulls off the impossible and trips the blue machine on the weekend.

The Carabins have gone down to defeat in both their previous contests with the Redmen this year but not until they had put up a stiff battle. This time the Carabins will be on their home ice and coupled with the fact that they hold a tie against the Varsity Blues, Dave Campbell's boys are not in for any tea party.

LINEUP

Skating out for McGill will be Jack Gelineau, ace netminder, and his bruising quartet of defencemen, Bob Brodrick, Goose Gosselin, Doug Heron, Babe Thompson along with Dave Campbell's speedy forwards. The Hale Brothers, Tommy and George, will probably team up with Keith English to form the first line. Pittfield, Petit and Belier will form the second attacking unit, while Pop Millar, Johnny Brough and Spiller round out the squad.

The Carabins boast Mercier in the nets, Jean Paul Gignac who is tied with Tommy Hale for league scoring leadership on defence and such notables as Pepin, Dion, Pinard and Lapierre on the attacking units.

DAWSON STUDENTS' LABOUR CLUB

Due to circumstances beyond the control of the organizing committee the formation meeting of the Dawson S.L.C. had to be postponed. The meeting will take place at 7:30 p.m. tonight, THURSDAY, 27 Feb., in room 25, Dawson Hall. A prominent member of the McGill S.L.C. will address the meeting. All students who are interested in the problems which Canadian labour faces, are cordially invited to attend.

Revival of Chess Club Aim of Student Comm.

Due to the considerable interest that has been shown in chess by McGill students lately, a group of players are attempting to revive the McGill Chess Club. This organization was once quite active on the campus, but for the last few years has not functioned.

An informal committee of students have decided that the best way to gauge campus interest in a Chess Club is to hold a preliminary chess tournament. If sufficient interest is shown in the tournament,

activities will be consolidated on a club basis.

All those who wish to participate in the tournament and ultimately in the McGill Chess Club, should phone Mike Pearce at AT. 5138, and leave their names and telephone numbers. Lists will be posted as soon as possible.

RADIO WORKSHOP

There will be a casting of "The Fall of The City" on Saturday afternoon at 2 p.m. in the Union Ballroom. Will all members please attend and anyone else that is interested is cordially invited to attend.

check DRY SCALP with
Vaseline
TRADE MARK
HAIR TONIC

5 drops in the morning
hair groomed for the day

Can "dry scalp" and lifeless, hard-to-manage hair be corrected? You bet they can—with "Vaseline" Hair Tonic.

And you don't have to doze your hair either. A few drops of this helpful Hair Tonic each morning, before brushing or combing, supplements the natural scalp oils; gives your hair that soft, lustrous look everybody admires. No alcohol or other drying ingredients in "Vaseline" Hair Tonic; it works with nature—not against it—to groom your hair and keep it groomed.

Ask for "Vaseline" Hair Tonic—50¢ and 85¢—at any toilet goods counter.

Use it, too, for a BETTER SHAMPOO

Rub "Vaseline" Hair Tonic generously onto the scalp, then wash your hair in the usual way. Result: invigorated scalp—no loose dandruff—really clean hair. Finally, 5 drops of "Vaseline" Hair Tonic before brushing, for that well-groomed look all day long.

McGill Skiers Seek Victory In ISU Meet

McGill will uncross her skis and point them towards victory this weekend as Don Stanforth, Art Bruneau, Bruce Fleming and John Tyler prepare their hickories for the intercollegiate meet at St. Marguerite's this weekend. The above mentioned stellar performers will compete with nine top American colleges for the down hill and slalom honours. On Saturday John Foster, Kaare Olsen, Baz Davis and Ted Pope will take the limelight for their try at the jumping and cross country events. Hannes Schneider will set the flags for the slalom race, which is slated to start at two thirty Friday afternoon. The other times are Downhill, ten o'clock Friday, Jumping and Cross Country on Saturday at ten and three o'clock respectively. New Hampshire, Middlebury as well as the vaunted Dartmouth team are waxing strong entries for the meet. But McGill feels confident (it is hoped).

KANDAHAR

On Sunday, the boys will troop to Mont Tremblant for the thirteenth edition of the famed Quebec Kandahar, blue-ribbon classic of Canadian competitive skiing. Don Stanforth, Art Bruneau, Fleming and John Tyler.

Red Shuttlers Meet Western

Gordie Simpson, recently crowned Quebec Provincial Badminton champion, may not be able to play with the McGill team which is meeting Western this Saturday in London. The provincial badminton association is sponsoring Gordie's trip to Vancouver to take part in the Canadian championships, beginning early next week and it has not yet been ascertained whether the Dawson and M.A.A.A. star will be able to work the inter-collegiate championship series into his schedule.

DUSSAULT

If Simpson is not available Ron Dussault will take over the No. 1 singles assignment and will team up with Guy Macfarlane to form the first doubles team. The other three singles players in this case will be Bart Love, Lorne McKeown and Art. Townson, with the second doubles team comprised of Love and McKeown. Claude Tetreault, runner-up in the recent Provincial championships, will not be available for the trip to London.

Med, Eng Win; Playoffs Begin In Puck Loop

The Intramural Hockey League came to a close last night at the McTavish street rink with Meds beating Law 5-2 and Engineers downing Dents 3-2. Playoffs will commence tonight at 5 p.m. when the Engineers will meet the Meds followed by a second game at 6 p.m. with Commerce vs. Phys Eds. The winners of these tilts will clash Tuesday at the Forum in the first game of a two game total-goal series for the loop championship.

MEDS WIN

In the Med-Law contest the Sawbones were never threatened and only the superior netminding of the Law goalie kept the score down. Don Brown the league's high scorer led the Med twine-twenty parade with a brace of tallies while Knight, Macdonald and Love notched one apiece.

Both cordage keepers, MacDonald in the lawyers nets and Doehrtly in (Continued on Page 4)

Puck Loop Begins Play

The Dawson Intramural Hockey League got under way with two games being played Tuesday night. In the first encounter of the evening, the Cheapskates defeated the D.T.'s 3-1. Bob Jeannotte of the Cheapskates started the scoring at the six minute mark of the first period, giving them the lead they never lost.

In the second period, the Cheapskates increased their lead to 3-0, as flashy defenceman McGovern and captain Phil Geffin both tallied. Not to be outdone, the D.T.'s put on a power play in the final period, and Magder scored their only goal. Outstanding for the D.T.'s was team captain McFarland, and for the Cheapskates goaler "Smokey" Sturion and defenceman Myers. The referees for the first game were Bowden and Crusch.

GAME TIED

In the evening's final game, the Cruds and Droopy Drawers battled to a 1-1 tie, with the former sextet starting the scoring with Keele ramming the disc past Granston. Clesby tied the game up in the middle session. Outstanding on the freeze were Goaler Cagney of the Cruds, and defenceman MacDonald for the Droopydragons. Tony Donaldson of the Cruds suffered the season's first injury with a cut over his left eye.

Red
Shorts
by lis

This week-end will be a crucial one for Coach Dorothy Douglas as she sits back to observe her protégées in the coming test. Having remained undefeated in the Inter-city league this winter, the Coed Cagers now travel to London to defend their hard-won championship of last year.

Using many of last year's team as a backbone, Dorothy has built up a harddriving offensive team. Bobby Fenton and Louise Macfarlane, both of last year's team are back in action once more. Other scoring members will be Betty Evans, Marg Duguid and Molly Camp. Defending our buckets will be Heddie Brown, Sue Bishop, Audrey Sephton, Alice Trevis and Elaine Ritchie. All these coeds have in the past few weeks proved their ability against whatever the City had to offer. It now remains to be seen how they will fare against intercollegiate opposition.

SCHEDULE

Travelling to Western University tonight, the team will meet the Queen's squad tomorrow afternoon, while Western and Toronto battle it out. On Saturday, the two winners will clash for the title while the two losers (what a thought) struggle for third and fourth positions. Following all this exertion will be a banquet. The team will return to town either late Saturday night or Sunday morning. Good Shooting team! Central heating is a marvelous invention! Just think, without its warmth we would not dare to brave the cool waters of an indoor swimming pool in sub (well, almost sub) zero weather. Speaking of swimming, have you signed up for the intercession meet next Thursday? Are you going to let section D walk off with the championship without so much as a feeble splash?

As things stand now, section D is miles ahead of any other section and likely to stay there unless something desperate is done immediately. The swimming meet is the drastic plunge which must be taken! Anyone who can dog paddle, float or do belly flops, ought to be right in there pitching for their section. At one point for each competitor, sections could amass quite a total in this way.

In case some eager beavers (or should I say fishes?) cannot swim next week, they ought to go to the Community pool this Thursday between 10.00 and 12.00 a.m. and swim for time. This will be counted in (Continued on Page 4)

SECRETARY OF THE UNION

Jack Crepeau

We must face the fact that we will not have a new Union Bldg. for some time yet, consequently we must ensure that maximum use is made of our present crowded facilities. The Union must once again become the centre of activities on the Campus.

This year has witnessed an unparalleled demand for space to hold meetings; I believe that I have shown sufficient interest in the meetings of the key organizations to be in a position to advise and give effect to your suggestions in the allotment of space and in the planning of such accommodations for the coming year.

If elected, the Union will become my home; I would share a sincere sympathy for the students from out-of-town for whom the Union is partially "A Home away from Home". I shall see to it that this building is thoroughly cleaned from the Daily office, to the Attic and that it is kept clean. I shall do my utmost to get more and better sandwiches, better coffee in the Grill Room.

As Secretary of the Union, I would always be available for suggestions and advice.

As resident Secretary of the Union, I will always be available to receive suggestions and advice.

OMMISSION

In the list of candidates for the Executive of the Arts and Science Undergraduate Society, appearing in Monday's Daily, the name of Eileen O'Brien, a candidate for the position of First Vice-President, was inadvertently omitted.

Charities—p. 1

McGill Union from 12 to 2 and from 3 to 5.

Next week is Charity week. Between Monday morning and Friday night canvassers in every class will be out to collect a total of \$5,000 and to obtain a contribution from every student at McGill University and Dawson College.

To open the campaign the Committee has asked several prominent citizens to address the students. These people, who have had vast experience in welfare work, have agreed to make short addresses before some of the larger lecture classes on Monday and Tuesday. Students at Dawson College will

Alan Mann

The administration of the McGill Union is a matter of vital concern to all of us. The Union is far and away the most important community centre on the Campus scene; it is, then, in the best interest of the student body to ensure that the Union is handled in such a manner as to utilize to the very utmost the facilities it provides.

I am strongly in favour of a positive, forceful, progressive policy in the running of the Union—ACTIVE policy, aimed at developing a smoother-running, more pleasant, more attractive centre, a source of satisfaction and service to all who use it.

Specifically, this policy includes:

1. Determined efforts toward improvement in quality, service and cost of Cafeteria meals.

2. Prompt, conscientious consideration of grievances and encouragement of student suggestions for improvement.

3. Major improvements in the APPEARANCE of the Union—the need for a real "clean-up, paint-up" program is desperate.

4. Judicious allotment of meeting room space, with a view to expanding the scope and activities of Campus Clubs.

5. Rational plans for rearrangement and better utilization of basement floor space.

6. More adequate cost-checking arrangements, and all feasible expansion of existing cloakroom space.

7. A more satisfactory "periodicals" section, with a wider range of publications and more suitable bindings.

8. Continuance and furtherance of planning for a new Union. In addition to these specific measures, I pledge conscientious, efficient, commonsense general administration. I feel I have the necessary ability, experience and widespread interest in student affairs to do justice to this responsibility.

ACTIVITIES: Intramural hockey, basketball, football; Senior football, 1945 Captain, Senior football team, 1946; Principal James' Football Investigating Committee; Joint S.E.C.-S.A.C. Athletics Investigating Committee; Rink-Auditorium campaign; R.C.N.V.R.

NOTICE

The M.O.C. column run yesterday was published with error and all events mentioned therein have already taken place.

also be addressed. Glen Cowan, once president of the Students' Executive Council and now a Red Cross junior executive, will speak there on Monday. It will only be possible to accept cash contributions. In view of this Bob Mackay, Chairman of the Campaign Committee, urged that all students prepare to have their contributions with them on Monday.

When your canvasser approaches

Gordon Pfeiffer

I would like first of all to thank the students who nominated me as a candidate for Secretary of the McGill Students' Union in the forthcoming elections.

In presenting my platform, there are three principal contentions which I wish to make clear and they are as follows:

1. Renovating the Union:

The Union is supposedly a place to entertain visiting friends at the University, and also for the students to spend a few hours in between lectures (should they not prefer to spend them in Redpath), and consequently, should provide them with a cheery atmosphere. The Union was constructed in 1921, and little renovating has taken place. It is my conviction that if the chairs in the Reading Room had back-rests, the radio properly repaired, piano tuned and the walls painted, etc., it would be much more conducive to relaxation.

2. Union sponsored Informals.

There are many "free" Friday or Saturday nights in the McGill Dates Book, and these would present opportune times to have dances in the Ballroom, sponsored by the Union House Committee and co-sponsored by the various Undergraduate Societies. This was done last year, and all the dances were very successful. I think that these dances should be repeated on a co-operative basis and top-notch entertainment provided for the intermission.

3. Ticket dispensation.

A ticket booth is at the disposal of the students in the Foyer of the Union, and Societies should take advantage of it rather than to help further congest the entrance by setting up booths of their own.

If elected, I shall do my utmost to see that these proposals are carried out, as well as any students' suggestions that I believe myself capable of fulfilling the duties required of a secretary, and I also feel that the experience I have accumulated in the past year at McGill will enable me to execute the responsibilities involved. I have no affiliation whatsoever with any political organization, and my views shall be completely unbiased in this respect.

ACTIVITIES:

Vice-President, Commerce Undergraduate Society, 1946-47; Chairman Junior Prom Committee, 1946; A. C. S. Ball Committee, '47, '47; Scarlet Key, 1945-46, 1946-47; Red and White Revue, '45, '46; Freshman Reception, '45; Secretary C.U.S. 1945-46; Swimming Pool Memorial Campaign 1944; Amalgamated Charities Representative 1944; Vice-President, 1st year Commerce, '44.

you Be Prepared To Do Your Share.

Med. Society—p. 1

tain Ball tickets from members of the committee, while all others eligible to attend can obtain theirs from Mr. Marshall in the Medical Building.

Lotte Lehmann—p. 2

success. So wide was her acclaim that many people were turned away from the doors at her first New York recital a short while afterwards. Her 1934 debut at the Metropolitan as Sieglinde brought forth one of the most tumultuous ovations in the history of the "Met". There was cheering for a full ten minutes after the curtain calls.

Some of Miss Lehmann's lesser talents though considerable, are perhaps not so well known. She has written several novels and an autobiography, and her poems have appeared in several large American magazines. In addition to this she paints, and presented a one-man show of landscapes, portraits and opera scenes in November, 1944.

Red Shorts—p. 3

the meet as all points will be given on a time basis.

There is a list on the R.V.C. notice board of the various events, so that would-be competitors can see what they are letting themselves in for. No swimmer will be allowed to swim more than 150 yards, excluding relays. Well, how about it mermals?

McGill Skiers—p. 3

neau and Bruce Fleming will be among those who will head farther north for the treacherous leg-wracking schusses of this renowned downsp. The Kandahar will be sponsored by the Redbirds Ski Club as it has been since the first race back in 1932. Conditions ought to be fine on the course which drops at the rate of 1,200 feet per mile in its two and half mile length. Last year's winner was McGill's own Don Stanforth, while Johnny Fripp took the open honours when he set a new record of 3 mins. 12. secs.

On Friday the Intermediate Ski Team will show their form at St. Sauveur when they enter the three events to be held there. Friday

Conrad Shatner

I should like to thank all those who are supporting my nomination for the position of Secretary of the Union and if I am elected I shall do my utmost to fulfill the trust they have placed in me.

In running for this position, I am not making the stock promises, such as improving the Union meals, which are made every year. These depend on circumstances. I feel however that there are more important functions. The sole opportunities which a person has in the Union are to drink coffee, play cards, pool or ping pong or sit in the smoky grill room. I should very much like to see the Union become the real campus social center. For example if a nickelodeon were placed in the Ballroom, social dancing could take place and the over-congestion of the grill room would disappear. The Union should be the College Home of the students after or between lectures. Because there is nothing to attract them there, the average student merely attends McGill; they do not live McGill. The Union can be and should be the first stepping stone in the regeneration of college spirit.

The office space in the Union for the various activities it houses there, is very poorly allocated. A very large room is used for stores whereas such an important activity as the Red and White Revue has very cramped quarters and radio activity has no quarters whatsoever. N.F.C.U.S. shares room with the Book Exchange. I should very much like to see a re-allocation of space according to needs and importance.

In running for the position of Secretary of the Union, I feel a candidate must have a working knowledge of the various campus activities. In the past few years I have been associated with many different phases of campus activity and in this respect feel I qualify for the position on those grounds.

I should also like to stress that the Secretary of the Union should have the support of the student body behind him. For this reason I would urge all students to get out and vote regardless of for whom so that the Secretary of the Union will be a student representative and not just a representative of the few who thought to cast their ballot.

ACTIVITIES: Producer Campus Capers Show; Co-Producer McGill Speaks; IUDL Debater 1945-46, 46-47; Associate Sports Editor McGill Daily 1945-46, 46-47; Junior Prom Committee 1946; ACS Committee 1946; Interfaith Week Committee 1946; Radio Committee 1946-47; QRFU Football 1945; Red and White Revue 1947.

FIESTA 1947

Rehearsals for "Puebla de Las Mujeres" to be held at 7.30 p.m. in the Union.

February 27 Thursday, March 4 Tuesday, 6 Thursday, 7 Friday, 11 Tuesday, 13 Thursday, 14 Friday, 18 Tuesday, 20 Thursday, 22 Saturday 2-6 p.m., 23 Sunday 2-8 p.m., 24 Monday 7-12 p.m. 25 Tuesday, Play.

will see the running of the downhill at noon and the slalom at three o'clock while the cross country will take place Saturday. Some of the best college teams in eastern Canada will be competing and McGill will have to show some fine style to walk off with the cup.

Med. Eng.—p. 3

the Meds twine turned in exceptional performances to highlight the match.

Last night the Intramural League Hockey Manager announced the final League standings. They are as follows: Meds 11, Phys Eds 10, Engs 10, Comm 8, Denis 8, Arts 7, Law 2, and Science 2. The I.A.C. ruling states that only four teams may make the playoffs and Commerce got the nod over Dentistry due to the fact that they had a better goals for and above average.

LETTERS—p. 2

The Editor McGill Daily.

Dear Sir,

As a fraternity man I should like to make a few remarks concerning the present discussion, initiated by one of the candidates for President of the Student Society, on the question of racial discrimination in Fraternities.

It is my belief, and I am sure that a goodly number of fraternity men agree with me, that existing discriminatory clauses in fraternity constitutions do not in any way add to fraternity life, but rather serve to introduce onto our campus prejudices that are, or should be, foreign to it.

Moreover, I feel that as long as such discrimination lies latent in the constitution, it is a matter of concern to the whole campus body and not just to the fraternities themselves. Official acts of discrimination poison the whole campus

Mo. Levine

I have no pre-election promises to make. I only intend to set forth certain fundamental principles which I believe in, and which I stand for.

The function of the McGill Union is to help fill in extra-curricular hours of the student; this includes facilities for meals, snacks, and recreational opportunities. I believe that out of consideration for the over-flowing number of students using the Union, a by-law should be passed to the effect that the tables of the Grill Room should be used only for eating purposes from noon until 2 p.m. However, I do not believe that minorities should suffer due to the demands of a majority, therefore more card tables should be permanently put up in the second floor lounge. At the present time there are only four, and at least double that number could be utilized.

There should be a special notice board in a prominent spot showing the schedule, and location, of all the day's activities taking place in the house. This would do away with useless wandering and unnecessary questions.

The Table Tennis room should have window shades to improve playing conditions. Another table should be provided to take care of the great day-long demand; and the lighting could be easily improved over each table. The initial outlay to finance all this would be offset in less than one term by the added income from the third table and subsequently there would be that much more clear profit than at the present time.

The Billiard Room is well taken care of, but I believe it is time that the archaic lighting system was changed and improved.

All four tables are used consistently, with a considerable waiting list most of the time. At the prices charged, and the length of time the equipment has seen service, I believe funds ought to be made available for the improvement of these conditions.

Checking facilities should be provided for the two hour rush period from noon to 2 p.m. It could be done by a part-time employee. If the budget cannot take care of it then the smallest nominal charge (for example two cents per person) would easily offset the two hour per day expense. I believe the well-known recurring incidents of this past term would justify anything that might, and should, be attempted.

My limited space does not permit extensive elaboration on these issues, but I present this outline, as food for thought, to the student body. They are the things I believe in.

and as such are the concern of the whole campus.

This is in no way saying that fraternity members are race bigots, such an assertion is ridiculous to the extreme—fraternity men are no more and no less subject to the prejudices of our society than any other group. But it is saying that whether or not fraternity members are supporting the candidate who proposes to attack racial discrimination, they should nevertheless support the basic ideas of his platform. There is no reason in the world why McGill fraternities should be allowed to, or should even wish to bring onto our campus prejudices that are or should be foreign here. Any institution which refuses to admit itself capable of change is signing its own death warrant.

Finally I should like to commend Mr. Oliver for his constructive approach to the question and to urge him to sustain this attack and not to sink into a purely negative "anti" attitude.

"...No one of these identified himself as a qualified investigator of the S.E.C." The statement of facts by the S.E.C. expressly states that two people were instructed to make private enquiries!

And so it could go on! What seems to emerge, however, is that an officer of the National Federation of Newman Clubs from Toronto did appear before the Newman Club at McGill, did make accusations of Communist domination of both McGill and McGill's representatives to the N.F.C.U.S. Conference — all entirely without foundation of evidence—that it was pointed out by someone at the meeting that there was no effective denial of the woman's witch-hunting, and that the local executive, instead of being forthright about the whole unfortunate affair endeavoured to equivocate and hush the thing up, at first, and then threw a garbled version to the public press.

Yours truly, H. Theodore Blockley.

RADIO WORKSHOP

There will be a casting of the Fall Of The City on Saturday afternoon at 2 p.m. in the Union Hall. Will all members please attend and any one else that is interested is cordially invited.

Club News

B.W.I. SOCIETY

Roland Richmond will speak on the "Economy of the Republic of Santo Domingo" tomorrow at 5 p.m. in the Union Music Room. Any student who is interested is invited.

On Friday evening at 8.15 in the Union Grill Room the Society holds its general meeting. Wilma Cameron, Dip. Physio, Wylie Norman and A. C. Ellington, M.Sc. will speak on "The Latest Developments in the West Indies". The recent labour troubles in Trinidad, the latest on the new West Indian University, and the Federation of the Windward and Leeward groups are among the topics to be presented. We urge you to attend this meeting which promises to be very interesting and informative.

I.V.C.F.

Miss Cathie Nicoll, I.V.C.F. Staff member for Toronto will be the speaker at luncheon on Thursday, February 27th. If the list is full bring your own lunch or come at 1.30.

Dr. Reid will continue his lectures on the New Testament on Friday at 5.00 p.m.

We are having a "Tropical Night" on Saturday when Peter Hall's films of Jamaica will be shown. All students are invited to Student House 3445 Peel Street at 7.45 p.m. Cathie Nicoll will again speak at the Hymn-Sing on Sunday at 8.00 p.m.

PRE-MEDICAL SOCIETY

A meeting of the Pre-Medical Society will be held in Room B. of the Medical Building, at 5 o'clock on Friday, February 28. The meeting will be addressed by Dr. H. M. Elder, whose subject will be "The Role of the Army Medical Corps in the war". Dr. Elder was a brigadier in the R.C.A.M.C. during the war, and saw action in Italy and later in Europe as Deputy Director of Medical Services for the 1st Canadian Army.

CCF CLUB

As our regular Thursday meeting was shifted to Wednesday to allow all CCFers to attend the debate held yesterday between the Progressive Conservatives and the CCF, our discussion group will not meet today. Our members are reminded of the social evening to be held next Thursday at the same place as the last one.

WEIGHTLIFTERS

On Friday Feb. 28 at 5.30 p.m. in the B.W. & F. room of the Gym the photo for the Annual of the McGill-Dawson weightlifting team will be taken. All members are asked to be present.

C.C.F. CLUB

A special caucus meeting of the C.C.F. Club will be held today, Thursday, February 27, at 1 o'clock in the Union Music Room to prepare for the coming Model Parliament at which the C.C.F. will introduce a bill providing for Socialized Medicine — a subject whose acceptance by the Model Parliament will require the participation and support of every C.C.F. member of the club are urged to attend as the Bill will be discussed in full and speakers will be chosen.

NOTICE

All notices, whether posters or streamers, that are to appear anywhere on the campus outside the buildings, must be approved by the University, the Registrar's Office, said today. Therefore they have to be brought to the Registrar's Office where they must be approved by Miss Cameron, or to Dr. W. B. Ross if Miss Cameron is not available. All notices that are approved will be stamped with the stamp of this office.

The Department of Buildings and Grounds is being instructed to take down those that are not stamped in this way.

No notices may be attached to trees by nails. This is to protect the trees. They may be attached to trees by string and streamers may be tied across the roadway if no nails are used.

"CALLING ALL HEARTS!"

YOUR HELP Urgently NEEDED

Calling all Hearts . . . to the aid and comfort of the helpless, the sick and aged, the orphans and abandoned children, the crippled and the unemployed. The Catholic Charities appeals to your heart for the funds to lessen the misery, suffering and loneliness of those unfortunate people who depend on the Federation of Catholic Charities to ease their weary burdens, to heal their pain, to shelter them, to give them rest and security. Help them for they cannot help themselves. Give generously . . . Give joyfully. We ask it in their name . . . Please!
